From: Angela Swartz

Re: **2025 Annual Council Appointments to Various Committees**

At the January 6th Council meeting, the City Council will be asked to vote on the appointment of Councilmembers to Committees. This will be on the January 6th Study Session to discuss prior to the Council meeting.

The following is a list is the currant appointments:

Appointment of Representatives – 2025 MVRPC/TC

Vandalia is required annually to appoint a representative and an alternate representative to the Miami Valley Regional Planning Commission and the Transportation Coordinating Committee. An individual must also be designated to serve as the Technical Committee member. Currently, Mayor Herbst is the representative, and Rob Cron is the alternate representative to the MVRPC. Ben Borton will be the delegate to the Technical Committee, and Chad Baughman is the alternate.

Appointment of Representatives – 2025 First Suburbs Consortium

The City of Vandalia is required annually to appoint two representatives and an alternate representative to the First Suburbs Consortium. The current representatives are Mayor Herbst and Councilmember Doogan. The current alternate is Vice Mayor Blakesly.

Appointment to the Montgomery County Community Improvement Corporation

This committee requires the Mayor of the City of Vandalia to be appointed annually.

Appointment to the Vandalia Development Corporation

This board requires two councilmembers' appointments – one Council appointment to be made in even years, currently Vice Mayor Blakesly, and one Council appointment to be made in odd years, currently Councilmember Aivalotis-Weaver. Hence, Council will be asked to appoint a VDC representative for the odd year appointment member.

To: Mark Schwieterman, Interim City Manager
From: Steve Clark, Parks & Recreation Director
Subject: Golf Course Rough Mower
Date: December 19, 2023

This memo is to serve as an official request and recommendation to waive the formal bidding process for the purchase of a Rough Mower for Cassel Hills Golf Course. Under normal circumstances, the cost to purchase the Toro Groundsmaster 4000-D Rough Mower meets the City of Vandalia sealed bid requirement but in this situation the sealed bid cost for this specialty piece of equipment would be higher than the Sourcewell Cooperative Purchasing Contract #031121-TTC amount due to the volatility in the pricing of golf equipment. The 2025 golf maintenance CIP budget has \$105,000 allotted for the purchase based on a price quote received during our budget preparation process.

The golf course maintenance division currently has two (2) rough mowers. These are specialty mowers used four to five days per week from mid-April to mid-November to mow fairway rough. They are designed to follow the contours of the terrain so there isn't any scalping of turf. Golf Maintenance is proposing to replace a 2016 Toro model with over 2227 hours of operation which equates to approximately 135,000 vehicle miles.

Based on the proceeding information, I am requesting Council waive the formal bidding for the purchase of a Toro Groundsmaster 4000-D rough mower and recommend authorizing the purchase from the Sourcewell Cooperative Purchasing Contract #031121-TTC through Century Equipment/ A Jerry Pate Company at a cost of \$96,932.18

We further recommend that City Council declare the 2016 Toro Groundmaster 4000-D as surplus and be placed on Govdeals or otherwise disposed of by the City Manager as provided by law.

Thank you for your time and consideration.

Subject: Golf Course Triplex Tee Mower
Date: December 19, 2023

This memo is to serve as an official request and recommendation to waive the formal bidding process for the purchase of a Triplex Tee Mower for Cassel Hills Golf Course. Under normal circumstances, the cost to purchase the Toro Greensmaster 3150-Q Triplex Tee Mower meets the City of Vandalia sealed bid requirement but in this situation the sealed bid cost for this specialty piece of equipment would be higher than the Sourcewell Cooperative Purchasing Contract #031121-TTC amount due to the volatility in the pricing of golf equipment. The 2025 golf maintenance CIP budget has \$60,000 allotted for the purchase based on a price quote received during our budget preparation process.

The golf course maintenance division currently has three (3) triplex tee mowers. These are specialty mowers used three to four days per week from mid-April to mid-November to mow tees, green banks, tee banks and collars. Golf Maintenance is proposing to replace a 2007 Toro model with over 3685 hours of operation which equates to approximately 221,000 vehicle miles.

INTEROFFICE MEMORANDUM

TO: MARK SCHWIETERMAN, CITY MANAGER
FROM: CHAD E. FOLICK, FIRE CHIEF
SUBJECT: REPLACEMENT OF COMMAND VEHICLE (FIRE CHIEF)
DATE: DECEMBER 12, 2025

The Division of Fire requested 2025 CIP funds to replace the Division of Fire's 2015 Ford Police Interceptor. This vehicle is being used as a first response command vehicle, by the Fire Chief. The truck is a "front line" emergency response vehicle that when replaced will have over 70,000 miles on it.

The Division of Fire is working to standardize its "front line" command vehicles by purchasing medium-heavy duty pick-up trucks. While on-duty the command vehicles are our mobile offices and/or command posts. Command vehicles are "up fitted with" communications and data management equipment, the crew cab provide space for a team of incident managers (unified command post).

Command vehicles respond to fire/EMS calls for service and carry a full complement of EMS equipment, supplies for mass casualty responses, our drones, traffic control equipment, and rehab supplies. The pick-up truck allows us to separate our firefighting protective clothing and self-contained breathing apparatus from the passenger compartment, which is a part of our occupational cancer health and wellness prevention plan. Command vehicles are spec'd with 4-wheel drive which allows command vehicles to go off road, in areas where larger fire/EMS vehicles cannot go (down long residential lanes, in the Metro Park-Bike Path, along railroad, etc.). Four-wheel drive is also a huge benefit during the winter months when ice and snow slow our responses. The higher profile vehicles provide a better line of sight for our incident managers on scene and are more visible on the interstate or when operating on the fireground. Finally, the pick-ups have the towing capacity that is necessary for us to pull our fire prevention trailer, our Gator trainer, the shared VFD/BTFD boat trailer, and eventually a foam trailer.

We have researched a replacement for the Explorer, locally, and the only dealership that showed an interest was Beau Townsend Ford. Most declined because they do not have a fleet vehicle program. Beau Townsend has a thriving commercial vehicle program and can order a commercial pick-up truck for us to our specifications.

We have also reached out to see what state bids are available, currently there is no information available on pick-up trucks in the state bid for 2025.

Ford has opened the ordering window for 2025; however, no one knows for how long. The commercial truck manager at Townsend's is concerned that if we wait until later in the first quarter, we may miss the order window, and then wait until they open the 2026 orders.

The quote that we have received from Beau Townsend Ford is below the \$50,000 threshold, and therefore, would not require us to bid the project.

Therefore, unless there are questions or concerns regarding this purchase at the January 6th meeting, the Division of Fire would like to place the order for (purchase) one (1) 2025 Ford F150 four-wheel drive (6' bed) pick-up truck for the purchase price of \$47,210.00, from Beau Townsend Ford.

The Division of Fire budgeted \$75,000.00 for this project. The remaining money will be used to upfit the vehicle with decals, truck cap, emergency equipment, radios, and MDT computers.

The plan right now is to "roll down" the 2015 Ford Explorer down to the Fire Prevention Bureau, keeping in the fleet.

Thank you for your time and consideration, please let me know should you have any questions or concerns regarding this project.
